IEEE

Student Branch Manipal

IEEE Student Branch Manipal is organizing it's Tech Weekend. **'Singularity'** - as the origin of the Universe, illustrates our imagination, vision, and determination to bring our most loved science fiction theories to reality.

Our Tech Weekend aims to cultivate creativity, innovation, artistry to it's pure technical form. We have events from Computers and Electronics domain along with two flagship events. We, at IEEE SBM, present to you an opportunity to contribute to our endeavor.

As Prof. Stephen Hawking once said, ***'Remember to look up at the stars and not down at your feet. Be curious. And however difficult life may seem, there is always something you can do and succeed at.'***

Change that to - we hope that you will **Look Up At The Stars**, participate in our Tech Week, and bring your science fiction theories alive!

PS. Don't miss out on the exciting goodies and cash prizes!

COMPUTER SCIENCE EVENTS

Cosmocode

Do you think that your competitive coding and problem solving skills stand out. Do you believe that you are the best coder out there?

This **Online Coding event** is for you.

UI Workshop

2 parallel workshops on Web and Android App development covering HTML, CSS, XML and UX concepts.

Learn how to make the most pleasing UI.

The Grand Design

Lets see how you take care of UI factors like ease of use, interactivity and interaction content, functionality and emotional aspects of the interface.

ELECTRONICS EVENTS

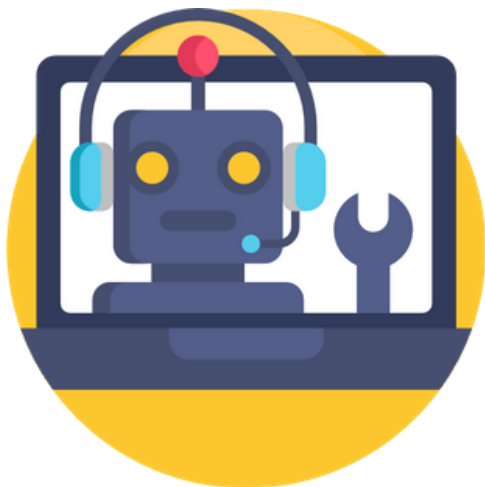

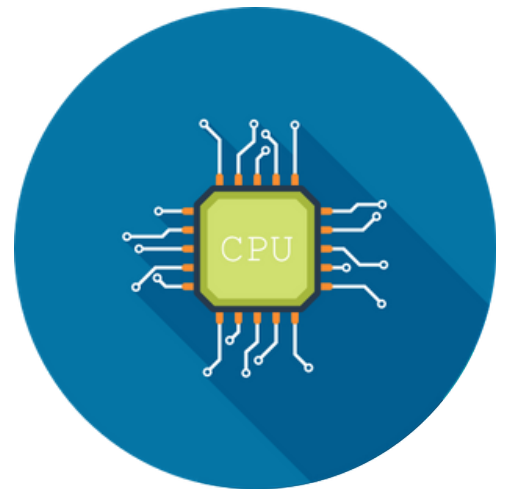

Irradiance : Round 1

Tired of fast and complex technologies?
Don't worry, we have got you covered!
Come, test your basics and show off your
knowledge in the world of electronics.

Arduino Workshop

A gateway to your journey to the second
round, attend this workshop on Arduino and
get set to take on the Universe.

Irradiance : Round 2

Get ready to embark on a unique journey of
unleashing the imagination to reality. Set in
space.

Your tools? Arduino, Sensors and LEDs.

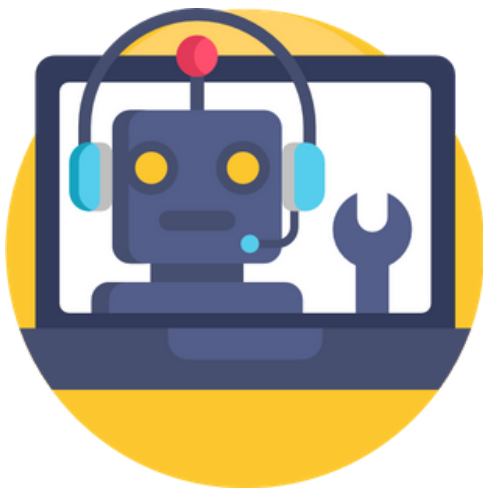

FEATURED EVENTS

Paper Presentation

IEEE Tech Week's featured event, Paper Presentation aims to provide the best platform to showcase your research ideas in front of an esteemed panel of judges.

If you have carried out research works in field, we would be more than happy to hear your ideas out! Prepare a presentation and unleash the speaker in you to grab exciting prizes!

Project J.A.R.V.I.S

Ever dreamt of being Tony Stark, creating state of the art products, and using your technical skill to mesmerise the world? The time has come.

Introducing the first-ever club organised make-a-thon in Manipal. You got 15 straight hours to set those grey cells on fire! You burn the midnight oil, we'll arrange the perms!
